PROJECT

Presentation with Hand Gesture Control Tool:

Python using PyCharm

- This project introduces a dynamic and intuitive way of navigating through presentation slides using hand gestures. By integrating computer vision techniques and machine learning algorithms, this allows users to control the flow of their presentations effortlessly.

ACTIVITIES AND VOLUNTEERING

Internship at National Small Industries Corporation

- Through this internship, I've studied a little about industrial-based embedded Artificial Intelligence and the Internet of Things.

Career Skills by TCS iON

- Gained knowledge on career skills like soft skill development that industry demands, corporate etiquette etc. which is conducted by TCS iON.

Programming in Java - NPTEL

- Learned and completed an excellent course on programming in java by NPTEL offered by IIT - Kharagpur.

Exploring Cybersecurity: Hacking with a Hacker

- Learned more about investigating cybersecurity by attending a workshop held by TG Cyberlabs at Anna University's College of Engineering.

3D Digital Art & Design, Laptop Servicing

- Attended a session at Saveetha Engineering College on the aforementioned themes.
